

VOL. VII. NO. 68.

SANTA ANA, CALIFORNIA, FRIDAY EVENING, FEBRUARY 16, 1912.

50 CENTS PER MONTH

EXPRESS OUT FOR TEDDY TODAY

Los Angeles Progressive
Paper Declares for Roose-
velt and Johnson

**SAYS ROOSEVELT MUST
YIELD TO PATRIOTISM**

Believed Express Indicates the
Stand of Lincoln-
Roosevelt League

LOS ANGELES, Feb. 16.—The Daily Express of this city unequivocally declares in a front page display editorial for Theodore Roosevelt and Hiram Johnson for president and vice president on the Republican ticket. It demands that Roosevelt's declaration that he is not seeking the candidacy be disregarded, saying that "the man must give way to the patriot," and selects Gov. Johnson as Roosevelt's appropriate running mate.

The Express is owned by Edwin T. Earl, a progressive leader, his lieutenant, Meyer Lissner, and other progressives.

The editorial declares its position as follows:

"Believing that the best interests of the Republic require the election of Theodore Roosevelt as president; believing that Hiram Johnson, the progressive governor of California, more than any other man is fitted to co-operate with Roosevelt in administering public affairs, the Express declares itself in favor of the nomination of Roosevelt and Johnson by the Republican party and invites the co-operation of all progressives to this end."

The stand taken by the Express is believed to be the virtual announcement that the Lincoln-Roosevelt League will declare for Roosevelt. Until the possibility of Roosevelt's candidacy was made public, Earl's two Los Angeles papers were strong for La Follette. Immediately their ardor cooled. It is believed among leaders here that the Lincoln-Roosevelt League will now work for a Roosevelt delegation to the national convention.

MCCORMICK AND COLONEL ROOSEVELT MAKE PLANS

NEW YORK, Feb. 16.—Medill McCormick, the Chicago editor, conferred today with Col. Roosevelt for several hours. It is understood they discussed methods to recruit Roosevelt delegates to the Chicago convention.

22 CAMORRISTS ARE DISCHARGED

Have Already Served Maxi-
mum Legal Term of Five
Years' Imprisonment

VITERBO, Italy, Feb. 16.—The failure of the government to convict Enrico Alfano and nineteen other Camorristi of the murder of Gennaro Cuocolo, and a score of other crimes, is forecasted by the discharge of twenty-two of the forty-two defendants because they have served in prison five years awaiting trial. This was the maximum legal term.

Only unimportant witnesses testified yesterday. The feature of the day was a number of clashes between the Camorristi and Informer Abbatemaggio.

GERMAN CROWN PRINCE IS SCORED BY HOME PRESS

VIENNA, Feb. 16.—The Wiener Journal calls the German Crown Prince to task for his pro-American and pro-English tendencies. The prince is spending a holiday at Celina, Switzerland, where it is alleged he speaks English almost entirely, disregarding the efforts which patriotic Germans have been making for years to Germanize the language of sport.

WILL NAME ARTIFICERS

SACRAMENTO, Feb. 16.—Adjutant General Forbes has issued an order restoring artificers to the infantry companies of the California National Guard.

There will be one artificer appointed to each of the thirty-five companies. The duties will be to repair equipment and the like and the salary will be equal to that of corporals. The addition of chevrons will distinguish the artificers from privates in the company.

Employer And Employee Must Each Do Part

NEW YORK, Feb. 16.—An endorsement of President Taft's demand for a commission to investigate industrial conditions, is made by Col. Roosevelt who, in an editorial in the current Outlook says:

"There must be a full recognition of the fact that there can be no permanent good from business unless the worker is paid high wages, and works under conditions favorable to health and safety, and on his part the workman as a matter of justice and personal pride, must do first class work. From the standpoint of good citizenship the differences between the employer and employee are of small consequence compared to the need that each show he is possessed of great fundamental virtues."

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday;
light northwest wind.

King Alfonso Kills

700 Head of Game on Hunt
MADRID, Feb. 16.—King Alfonso returned yesterday from Lachar, where he spent much of his time hunting. His shooting expedition killed 4000 head of game, the King alone killing seven hundred.

Schmitz Jury Secured—

Trial to Begin Monday
SAN FRANCISCO, Feb. 16.—A jury was obtained yesterday to try former Mayor Eugene E. Schmitz accused of having bribed former Supervisor Wilson in the San Francisco gas rate cases. The taking of testimony will begin Monday.

Explosion at Armour Plant—

One Killed, Four Fatally Injured
CHICAGO, Feb. 16.—An ammonia explosion, occurring at the Armour plant yesterday, resulted in one being instantly killed and four being probably fatally hurt.

Mrs. Chapman

Endorsed as D.A.R. Regent
LOS ANGELES, Feb. 16.—Mrs. I. N. Chapman of Alameda, was endorsed as state regent by the Daughters of the American Revolution without opposition.

Walker Apartments

Burn With Loss of \$30,000
LOS ANGELES, Feb. 16.—Lodgers in the Walker Apartments carried to safety Mrs. H. H. Raymond of New York, who was sick in bed, when a fire of unknown origin surrounded her apartments today. The building of three stories was totally destroyed with a loss of thirty thousand dollars.

WASHINGTON, Feb. 16.—Bitterness between the Roosevelt and La Follette camps was apparent yesterday following the disclosure that the La Follette press bureau prefaced one of La Follette's statements that he would not retire from the presidential race with the announcement that this would set at rest "statements of his one time supporters." This is regarded as a direct slap at Roosevelt, and official Washington is awaiting with interest the outcome of the affair.

MANY DISTRICTS TO BE AT THE SHOW

SAN BERNARDINO, Feb. 16.—Every district in Southern California will be represented in the special days at the National Orange Show in San Bernardino the week of February 19 to 24. On each of these days special excursions will be run from the districts having their innings on that day, and special programs will be prepared for their entertainment. As arranged these special days will be as follows:

Monday, February 19, opening ceremonies at 7 p. m., following a most elaborate fireworks display. Prominent men from all parts of the state will participate.

Tuesday—San Bernardino Valley day, including the cities of Redlands, the Highlands, Colton, Bloomington and Rialto.

Wednesday—Riverside County day, including the cities of Riverside, Corona and Highgrove.

Thursday—Municipal day. Also Los Angeles and Orange County day. On this day the mayors and representatives of Chambers of Commerce from more than 100 California cities will be present as special guests of the show, and the Los Angeles Chamber of Commerce will run special excursions.

Friday—West End day, including the cities of Pomona, Covina, San Dimas, Ontario, Upland, Cucamonga and Etiwanda.

Saturday—Home and Aviation day; also San Diego and Escondido. Aside from the Orange Show itself, air stunts by three competent aviators will be a feature.

CELERY BRINGS FIFTY-FIVE CENTS

One of Most Remarkable Sea-
sons of Industry is Draw-
ing to a Close

**EASTERN SALES IN
JANUARY \$165,000**

Association Has Shipped 800
Carloads and Crop Has
Brought \$400,000

One of the most remarkable seasons in the history of the celery industry of this county is drawing to a close. The season has been remarkable for the extremely high prices received. Today No. 1 celery is selling for fifty-five cents a dozen bunches and the dealer pays the freight East. In ordinary years the growers are making money when the price is twenty cents a dozen bunches.

The celery crop of the county this year has brought in already close to \$500,000, if not more than that. The Celery Growers' Association has handled about 800 carloads of the vegetable, and the season will show its receipts to be about \$400,000.

The secretary at Smelter today received a statement of the January pool from the California Vegetable Union, the selling agent of the association. This statement shows a total of \$164,733, f. o. b. here. From that amount the deductions for the union's commissions are to be made before distribution is made. This amount does not include the January sales in Los Angeles, for which a statement is due tomorrow. The average for the different grades cannot be made until that statement is received.

"There remains between fifteen and twenty carloads of 'golden heart' for shipment by the association. There is a small acreage of the 'green top' variety, which is late and which will all be shipped in March.

The high prices are largely due to the failure of celery crops elsewhere.

LATEST PHASE IN KIMMELL CASE

Sister of Kimmell Repudiates
Claimant White as Her
Alleged Brother

ST. LOUIS, Feb. 16.—Repudiation of the claims of A. J. White, who asserts that he is George A. Kimmell, the missing bank cashier, was made here yesterday by Mrs. Edna Bonlett, Kimmell's sister. White, she claimed, does not bear the slightest resemblance to her brother.

The third trial of the case in which the life insurance of Kimmell is involved is being tried by Judge Amidon. The insurance company contends that White is Kimmell. Relative of Kimmell says that White is an imposter, claiming that the real Kimmell was killed in an Oregon forest in 1898 by J. A. Johnson, and that Johnson was killed by John B. Swinney.

PROTEST IS MADE ON ARMY MORALS

Chairman Helm in Maj. Ray
Case Says Immoral Men in
Army by Favor

WASHINGTON, Feb. 16.—Chairman Helm of the House committee that is investigating charges against Major R. B. Ray, went on record yesterday with the declaration that the people should demand to know "why the army is the political adjunct of the presidency. Chairman Helm said:

"Men of no morals have been placed in the army because they either assisted in electing presidents or were able to swing voters. The Ray case shows that politicians have appointed unfit persons to the most important division of the service—the paymaster's department. President Taft has given Major Ray a whitewash on three separate occasions."

GOMPERS CROWS TOO SOON SAYS BURNS

Investigation Not Ended Yet,
Declares Burns—Miller is
Mum on Subject

**IRONWORKERS TO RAISE
FUNDS FOR LABORITES**

Have so Notified Indicted Men;
Denver Labor Leader to
Fight Extradition

INDIANAPOLIS, Feb. 16.—"Samuel Gompers is shaking hands with himself too soon," said Detective Burns leaving for New York. "The investigation is by no means over."

Prosecutor Miller refused to comment on Burns' statement.

DEFENSE FUND IS TO BE RAISED BY IRONWORKERS

INDIANAPOLIS, Feb. 16.—All of the fifty-four labor leaders indicted here for complicity in a national dynamiting plot, have been arrested except John McCray of Wheeling, Milton Davis of Philadelphia, J. W. Irwin of Peoria and Patrick Ryan of Chicago. These will not be arrested for some time, according to District Attorney Miller.

President Ryan of the Bridge & Structural Iron Workers' Union has telegraphed all the indicted men that attorneys have been retained for the defense. The executive board of the union expects to meet to plan the defense before arraignment on March 12, and will consider a petition for a change of venue. President Ryan refused to discuss the letters made public by District Attorney Miller touching the dynamiting affair. John I. McNamara, O. A. Tveitmo and E. A. Clancy are alleged to have corresponded with Ryan in a discussion of matters pertaining to the dynamitings.

LEGLEITNER IN JAIL ON INDIANAPOLIS INDICTMENT

DENVER, Feb. 16.—Henry W. Legleitner, former member of the executive board of the International Association of Bridge & Structural Iron Workers, now president of the Denver local, No. 24, of the union, is still in jail here, following his arrest on a warrant based on an indictment returned by the federal grand jury in Indianapolis. He has been unable to raise the required bail. Although his friends have offered to raise sureties to the amount of \$23,000, the Department of Justice refused to accept this sum because some of the securities were encumbered.

Legleitner, who was formerly a member of the executive board of the International Association of Bridge & Structural Iron Workers, indicted at Indianapolis, will not go to Indiana for trial without a fight. Attorney John Mullins, retained by Legleitner, will ask for a writ of habeas corpus. If this is denied he will take the case to the federal supreme court.

In a statement to the United Press, Legleitner said: "John J. McNamara never trusted me. When other members of the board were discussing union bridges and union plants, he never took me into his closest confidence. I often wondered why McNamara distrusted me. There were many discussions of dynamitings in many sections of the country, but always when the subject was up they said that persons outside of the unions were doing the work to put the Iron Workers in bad."

MUCH COMPETITION FOR ELEGANT CUP

SAN BERNARDINO, Feb. 16.—There promises to be a keen competition for possession of the big loving cup to be presented by the San Bernardino Chamber of Commerce at the National Orange Show next week, to the Chamber of Commerce of the city or district having the largest attendance at the Orange Show, the number to be determined by the number registering.

The great cup stands two feet in height and is one of the most beautiful and expensive trophies to be awarded at the National Orange Show.

Several communities have already organized their forces in the attempt to carry the cup home. In two or three cases a special excursion will be run by a single city. Every visitor at the show will be expected to register, there being no charge, and thus help his or her section to get the beautiful cup.

JOHANNSSEN REFUSES TO GIVE TESTIMONY

Claims Immunity Because Indictment
Is Pending Against Him—Frisco
Suspects Arrived Today

LOS ANGELES, Feb. 16.—Emerging from the grand jury room, Anton Johannsen declared that he had refused to testify in the dynamite investigation, claiming immunity because an indictment was pending against him. Tveitmo and Clancy were before the jury for two minutes. It is believed they, too, refused.

All were ordered to report again at 2 this afternoon.

Johannsen, the San Francisco laborite, had declared that he would refuse to testify if called before a grand jury. Johannsen, O. A. Tveitmo and E. A. Clancy arrived this morning and were taken directly to the courthouse. Johannsen said that he is immune from testifying because of the indictment against him, and he will refuse to speak on any matter possibly touching his own case. While Tveitmo and Clancy are not so emphatic, they apparently are similarly inclined. The jury has resumed its probe of the Los Angeles Times dynamiting affair.

A. D. Gilson, secretary of the San Francisco laborites and H. C. Marsing, were closeted today separately with Assistant District Attorney Ford and District Attorney Keetch. It is believed they were discussing Tveitmo's private correspondence. The officials refuse to discuss the conference.

ROGERS MAY MANDAMUS TO SECURE ENTIRE TRANSCRIPT

LOS ANGELES, Feb. 16.—Earl Rogers, Clarence Darrow's counsel, yesterday declared that he has information that the district attorney's office has a transcript of all the grand jury evidence referring to the Darrow bribery charges. He alleges the refusal of the district attorney to surrender all evidence was a trick against Darrow. He threatened to mandamus to secure the complete transcript.

Judge Hutton asked each side to prepare briefs giving its interpretation of the statute governing the availability of the transcript, he to decide the matter after reading these.

Both Delegations Are To Advocate The Increase

That the California delegations in the United States senate and the House of Representatives will both fight for an increase of the appropriation for the protection of forests from fire is the good news conveyed in a telegram received today by G. W. Minter, president of the Santa Ana Chamber of Commerce.

The telegram was from Congressman S. C. Smith in reply to Minter's telegram of inquiry. The telegram follows:

Washington, D. C., Feb. 15.

"G. W. Minter, Santa Ana, Cal.

"Appropriation last year for forest fire protection \$150,000. Same amount in new bill. Last year \$1,000,000 for all emergencies of which \$22,000 used. This item in new bill \$200,000. Delegation in both house and senate will advocate the increase."

"S. C. SMITH."

LIEUT. BENFIELD IS UNDER ARREST

He Was Careless in Invading
Juarez—35 Prisoners
Break Jail

WASHINGTON, Feb. 16.—It is announced here that Lieutenant Benfield of the Eighteenth Infantry stationed at El Paso, has been arrested pending a court martial charge for carelessness because he confused the street car lines of El Paso and accidentally invaded Juarez with eighteen soldiers. Numerous disorders in Western Chihuahua have been reported to the state department today.

MEXICO CITY, Feb. 16.—Upon President Madero's orders the brigades and chiefs, Tinter Ilo Curcio and Antonio Mendez, were executed in the state of Nichoacan. Reports state that the Zapatistas are looting towns throughout the state.

35 PRISONERS BROKE JAIL AND JOINED ZAPATISTAS

NOGALES, Ariz., Feb. 16.—Thirty-five prisoners broke jail at Magdalena and overpowered twelve guards. It is reported the prisoners have joined the Zapatistas.

A West Coast train, due here at 7 o'clock this morning, was delayed five hours when the rebels burned a bridge south of Magdalena to prevent troops from Hermosillo reaching the rebel rendezvous.

MILL OPERATORS YIELD TO WORKERS IN TEXTILE STRIKE

LAWRENCE, Mass., Feb. 16.—The mill operators have virtually surrendered to the textile strikers, offering to raise their wages ten per cent. The offer came from the American Woolen Mills. The others expect to follow.

LAWRENCE, Mass., Feb. 16.—Coupled with the declaration by the state authorities that the textile strike situation is "well in hand," comes the announcement today that half of the state militia, that has been service here will be ordered home Saturday. The remainder of the soldiers, with the possible exception of the local companies, will be relieved next week.

What He Preferred

A Cincinnati lawyer recently remarked that the juryman who toward the end of a very long trial wished to know what the terms "plaintiff" and "defendant" signified is not alone in his ignorance. The lawyer mentioned tells of a man whose coat had been stolen. He had charged a suspicious-looking person with the theft. "You said that this man stole your coat," asked the magistrate. "Do I understand that you prefer charges against him?"

"Well, no, your honor," responded the plaintiff, "I prefer the coat. If it's all the same to you."—Lippincott's.

A DISMISSAL WILL END SUIT

Instructions of Attorney Gen-
eral Were Carried Out by
Attorney Ames

**AS TO THE COURTS
MATTER IS ENDED**

Stanton Adherents Win An-
other Point in the Contest
Over the Sewer Farm

Attorney H. G. Ames of Anaheim today filed a request for the dismissal of the suit brought by Cole, a resident of Stanton, seeking the reincorporation of the Town of Stanton.

Ames and Attorney Pope of Los Angeles were employed to bring the action, and secured the permission of Attorney General Webb to file the complaint. Later the attorney general concluded that the allegations did not contain sufficient grounds upon which to seek reincorporation, and he instructed Ames to dismiss the suit. Ames' action today was the result of that decision on the part of the attorney general.

If the city of Anaheim was back of this suit—and the Stanton adherents assert it was, though the city did not appear in the action—hope of defeating Stanton's move of incorporation in the sewer farm fight is at an end so far as reincorporation is concerned. The town was formed primarily to prevent the establishment of Anaheim's sewer farm on the Gilbert ranch near Magnolia.

BANKER SCHIFF TO BE PROSECUTED IN THE BRANDT CASE

NEW YORK, Feb. 16.—By refusing to permit Banker Mortimer Schiff and his attorney, Howard Gans, to testify before the grand jury probing the Brandt case, District Attorney Whitman has indicated that he intends to prosecute both Schiff and Gans. Brandt was Schiff's valet. He was sentenced to thirty years in Sing Sing for robbing Schiff's home. He now charges he was railroaded to jail to save the women of the Schiff family. He has secured a rehearing.

HAPPY HOGAN HAS EYE ON PLAYERS

Will be on Hand at Amateur
Baseball Game at San
Bernardino

LOS ANGELES, Feb. 16.—When the Henry-Cornett Giants, champion amateur baseball club of Los Angeles, invade the citrus belt Sunday to play the Urbia Stars of San Bernardino, which team includes such nationally known players as Big Chief Meyers, Dave Altizer and others, Manager Hogan of the Vernon club, President Jack Curley of the Salt Lake club of the Intermountain League, and at least two big league scouts will trail along. Hogan has his eye on a couple of the San Bernardino players, and the game may mean a real opportunity for the aspirants.

Rivers Fight for Existence

The discovery that there is a kind of struggle for existence and survival of the fittest among rivers is one of the most interesting results of the modern study of physiography. A notable example of this contest is exhibited by England's two biggest rivers, the Thames and the Severn. Between their valleys lie the Cotswold Hills, and exploration shows that the Severn, by eating backward among these hills, where softer strata underlie them, has diverted to itself some of the headwaters which formerly flowed into the Thames—Harper's Weekly.

Hot-Water Gingerbread

Eaten warm, with whipped cream. It makes a nice dessert for a change. One-half cup lard, fill cup with hot water, one-third cup sugar, fill cup with molasses, one teaspoon ginger, one-half teaspoon cinnamon, one-quarter teaspoon cloves, one teaspoon soda, one-half teaspoon salt, sifted with two cups flour. Last of all add one unbeaten egg to the mixture. Beat all together and bake until cake leaves side of pan.

IN THE JUSTICE'S COURT

QUESTIONS OF INSTALLMENTS

**Justice Cox Finds That Seeley
Ought to Have Finished
Paying Before Now**

When a man buys a horse and says he will pay for it on installments as he is able and the seller gets the understanding that installments are to come along pretty regularly, how long may the seller feel that he ought to wait before going to court?

That was a question that faced N. P. Love. He waited several weeks and of the sum of \$60 that Henry Seeley owed, there was still due the sum of \$48.75. Love, with Clyde Bishop as his attorney, brought suit, and yesterday afternoon Justice Cox heard the case. Attorney Ferguson appearing for Seeley.

After hearing the evidence the justice came to the conclusion that the arrangement did not mean installments of \$5 or \$10 once in three months, six months or a year, but meant that the debt should be paid off in a reasonable length of time, say in weeks, not in months. He thought Seeley should have made the last payment long since. Accordingly judgment of \$48.75 was entered in Love's favor with \$9 costs assessed to Seeley.

Charges Jail-Breaking
Jailer Jernigan today swore to a complaint charging George Fairbanks with jail-breaking on Jan. 31. Fairbanks broke from the gang of prisoners that was being worked on the street, and was captured.

LOCAL HIGH SCHOOL WINS FROM ORANGE HIGH

Santa Ana again succeeded in defeating the Orange High baseball team in a six-inning practice game, held on the Orange diamond yesterday afternoon, by a score of 4 to 2. This makes two practice games that have been played between the two schools. Santa Ana winning the first game by a 10 to 0 score.

The local team had an off day yesterday. Plenty of pip and ginger was lacking, but every ball team has its off day. The fielding however, was good, but batting seems to have been the weak point as only four hits were made during the game; which goes to stand for the small score.

Several changes were made during the game in order to give all the play-

ers a try-out.

McPhee was on the mound for the Santa Ana boys during the first three innings of the game and heaved the sphere in good form. Barker then took the box for the remainder of the game. The big fellow had plenty of speed and curves, but was a little wild at times, which no doubt was caused from lack of practice.

Captain Pease and Ed. McGaffey took care of the big mit in good style, and were there with plenty of peg. The rest of the players were not given a chance to show their ability as the Orange strikers seldom met the ball. The line-up was as follows: Pease-McGaffey p. McPhee-Barker c. Vawter 1b. Corrallo 2b. Youngman-Duhart ss. Carver 3b. Walters lf. Morrison cf. Ball rf.

A GREAT DISCOVERY

**Certain Ingredients That Really Pro-
mote Hair Growth When Prop-
erly Combined**

—Resorein is one of the most effective germ destroyers ever discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its natural nourishment, and also creates a clean, healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin, although not a coloring matter or dye, is a well-known ingredient for restoring the hair to its natural color, when the loss of hair has been caused by a disease of the scalp.

These ingredients in proper combination, with alcohol added as a stimulant and for its well-defined nourishing properties, perfect perhaps the most effective remedy that is known for scalp and hair troubles.

We have a remedy which is chiefly composed of these ingredients, in combination with other extremely valuable medicinal agents. We guarantee it to positively cure dandruff and to grow hair, even though the scalp in spots is bare of hair. If there is any vitality left in the roots, it will positively cure baldness, or we will refund your money. If the scalp has a glazed, shiny appearance, it's an indication that baldness is permanent, but in other instances we believe baldness is curable.

We want every one troubled with scalp disease or loss of hair to try Rexall "93" Hair Tonic. If it does not cure dandruff and grow hair to the satisfaction of the user, we will without question or quibble return every cent paid us for it. We print this guarantee on every bottle. It has effected a positive cure in 93 per cent of cases where put to a practical test.

Rexall "93" Hair Tonic is entirely unlike, and we think, in every particular, better than anything else we know of for the purpose for which it is prescribed. We urge you to try this preparation at our entire risk. Certainly we know of no better guarantee to give you. Remember, you can obtain Rexall Remedies in Santa Ana only at our store—The Rexall Store. Wheeler & Mateer Drug Co., 104 West Fourth St.

Special instructions to ladies during the afternoons. No admission charge.

TOM G. WILSON, Prop. 209 East Fourth St.

AT THE COURT HOUSE

GUILTY AND IT IS TWO YEARS

**Valentine Zuniga Sentenced
to Term in Penitentiary at
San Quentin**

Two years in San Quentin was the sentence given Valentine Zuniga yesterday afternoon by Judge Crowe of Santa Barbara in the superior court here. A jury that tried Zuniga on a charge of attacking Ramon Reyes at Talbert with a revolver was out twelve minutes and brought in a verdict of guilty of assault with a deadly weapon. Time for sentence was waived by Zuniga's attorney, Dick Harding, and Zuniga stood up to hear sentence.

Judge Crowe commented upon the fact that Zuniga had not profited by his former experience, two years in Folsom penitentiary for beating an old woman with a club. The judge stated that there is a man at Santa Barbara who returned from state's prison, determined to live right, and he has lived right and his industry has accumulated considerable property and is trusted by everybody.

"After you get out of prison this time," said the judge, "you will receive no mercy if you are again convicted of a crime like this."

Zuniga, a native of Mexico, has a wife and two children, who will probably have to be supported by the county, as they were during the two years Zuniga was in Folsom.

Suit is Brought

R. W. Jones of El Modena, has brought suit against E. H. Verrill, a fruit buyer, for \$403.50. Jones alleges that he sold Verrill on contract 2330 boxes of navel at \$1 per box, delivered at the Villa Park packing-house, and that Verrill has paid him but \$2000 of the \$2330. Jones also sues as assignee of H. O. Hinton, on a claim for \$73.50 for oranges. Williams & Rutan are attorneys for the plaintiff. Property that was attached in this case has been released, and a bond given to cover whatever judgment may be entered.

Marriage Licenses

Olden W. Block, 26, and Annis E. Phillips, 23, both of Santa Ana.

Copy of Articles

A copy of the articles of incorporation of the United States Protective Association was filed here today. San Franciscans are the incorporators. The objects stated are to protect infants from cruel parents, to conduct a home for orphans and to bring to justice those medical sharks who assist in intentionally destroying life before birth.

Change Ordered

The case of Emma Hill against Arthur Peffey was ordered transferred to Ventura county, on the motion of the defendant.

Criminal Cases

Judge Crowe continued the arraignment of James Seeley to next Friday and the answer to arraignment of Charles Arliso to the same date. Three informations were filed against Naxario Mendosa, a worthless-check artist, of Yorba.

DOING THEIR DUTY

**Scores of Santa Ana Readers
are Learning the Duty of
the Kidneys**

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow.

Help the kidneys do their work.

Doan's Kidney Pills build up weak kidneys.

Santa Ana people endorse our claim.

Mrs. J. William Sackman, 1076 W. Fourth St., Santa Ana, Calif., says:

"In March 1907, a relative vouched for the value of Doan's Kidney Pills, procured at Dean's Drug Store, as was proven by their use in her case.

At this time, two and a half years later, I can say that this party holds just as high an opinion of Doan's Kidney Pills and always speaks in their praise when the opportunity occurs."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Stockholders, S. A. V. I. Co.

—Run No. 1 will start at head of the ditch on Feb. 22nd, with a limit of 30 minutes to the share.

(Signed) O. E. MANSUR, Sec'y.

Home Defined

Home is a magic word, and we seldom try to analyze it. A little Polish girl in a public school was asked recently to write a definition of "home." "A home," she wrote, "is where people live, and where a man or somebody comes home and finds people there, and then eats!"

Corn Land in Good Form

After growing a crop of corn, the soil is always in excellent form to absorb and retain the autumn rains and winter snows.

THE HORSE AND HIS MASTER

should both be well shod. We will take care of the horse-shoeing all right if you send him here. We don't just put on the shoes in any old way. We shoe him so he is fitted as perfectly as you like your own feet to be. Try our shoeing as a change for the better.

SEBASTIAN'S 306 E. Fourth St.

ARE THROWN BY AN AUTO

Girls Riding on Bicycle Hurt in
Collision Yesterday
Afternoon

Yesterday afternoon two school-girls on a bicycle were thrown to the street when an automobile struck them.
One of the girls was Ruth Morrow, who lives on East Santa Clara. The other girl lives at Orange. One was riding on the handle-bars of the bicycle while the other propelled it. The girls turned off of Main street onto Santa Clara, and the automobile came behind them, going in the same direction. The girls do not know whether or not they kept on the right side of the road, and they do not in any way blame the automobilist, who stopped his car in a short distance, picked up the girls and took them to a physician and later to their homes, leaving his name with them. The name given was Montgomery.
The girl from Orange was stunned for a minute, but was soon herself. Ruth Morrow had the fingers of one hand quite badly mashed, and one side of her face is severely bruised and swollen.

THE RESERVOIR PLANS HAVE BEEN ACCEPTED

Orange News: According to the plans submitted to the trustees last evening and accepted by them, the city water reservoir is to be constructed of reinforced concrete, is to be circular in shape, and is to have a capacity of about 620,000 gallons.
The plans call for a basin 12 feet deep and 90 feet in diameter, set in the ground 5 feet 6 inches, with 18 inches of back-filling. The reservoir is to be covered with a roof supported by eighteen 8-inch posts.
A settling basin and inlet weir is to protect the reservoir from sand and such solids as might otherwise enter and to be excluded by fine mesh screen in the air space between the roof and the walls.
Bids are to be opened on the work on this reservoir on March 4. Mayberry & Parker of Los Angeles, are architects and supervising engineers. Contractor Welch and Charles Herrod are engaged in laying cement sidewalk on East Maple avenue, between Shaffer and Cleveland streets. About 270 feet of sidewalk is being put down, which will close the gap on that avenue, making a solid line of cement walks.

SAYS QUININE WILL NOT BREAK A COLD

How to Cure a Bad Cold and
End Grippe Misery in a
Few Hours

—You will distinctly feel your cold breaking and all the gripe symptoms leaving after taking the very first dose.
It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the gripe and break up the most severe cold, either in the head, chest, back, stomach or limbs.
It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.
Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.
Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or gripe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

CONTRACT LET FOR CONCRETE

Anaheim City Trustees Received
Bids for Work on the
New City Jail

ANAHEIM, Feb. 16.—At an adjourned meeting of the city trustees held last night in the city hall all the trustees were present. The business of the evening was the opening of bids for the iron to be used in the addition to the city jail, which is now under way.

The bid of Pressel & Son of Los Angeles for \$490 was the bid accepted by the board. The other firms making bids were: Bailey Ornamental Iron Works, Los Angeles, \$603; Southwestern Ornamental Iron Works, Los Angeles, \$815; A. F. Anderson Iron Co., \$622; A. Bayless, Anaheim, \$670; Williamson & Chamberlain, Los Angeles, \$510.

GOVERNMENT MAY TAKE HAND IN BIG SHOPMEN'S STRIKE

CHICAGO, Feb. 16.—The possibility of federal intervention in the Hariman shopmen's strike is the principal topic of discussion at the annual meeting of the federated boards of the eastern and western divisions of the Brotherhood of Railway Firemen. It was stated that President Taft and officials of the postoffice department had promised President Johnson of the International Union of Machinists that delays in the transmission of mails due to the crippled condition of the roads would be investigated.

AUTO LINE TO PEAK OF MT. WILSON IS PROJECT

The towering peak of Mt. Wilson is shortly to be brought within easier striking distance of the sea level, if plans now considered by the Mt. Wilson Company go not astray. An automobile line, with terminals at Pasadena and the peak, is to be established by the company. Arrangements already have been made for a 10-passenger service gasoline machine, and the installment of the line is but a matter of a short time. The car arranged for has already been tested and found fully competent to travel the steep grades of the mountain.
Also, to increase travel further to the peak, a bridge is to be swung across that part of the "draw" at the mountain base, and which has hitherto been found a disagreeable feature of the auto tour to the mountain top. Further, the 17 per cent grade, which is met with on the very start of the climb and rendered still more difficult to conquer because of the fact that it doubles back upon itself, is to be eradicated. The bridge approach will care for that feature of the innovation. The structure is shortly to be built.

ECZEMA SUFFERERS HERE IS GOOD NEWS

INSTANT RELIEF
FOR 25 CENTS

Just to prove the true worth of ZEMO and ZEMO SOAP the makers have put on the market a trial package for 25c that is truly a "blessing" to those suffering from Eczema, or any other skin or scalp disease. This trial package consists of a generous bottle of ZEMO, a sample cake of ZEMO SOAP and a 32 page booklet, "How to Preserve the Skin"—all can be obtained for (only) 25c. The nation-wide popularity of ZEMO, the high regard in which it is held by the profession and the thousands upon thousands of cases it has promptly and permanently cured, should cause you to come here at once and get this new trial package at 25c. Wheeler & Mateer Drug Store.

PIONEER OF IOWA DIED LAST NIGHT

After a long life of usefulness and at the age of 89 years, Richard Pettinger last night died. Death occurred at the home of his daughter, Mrs. H. P. Stewart, on North Main street, West Orange. Mrs. D. L. Heinsheimer of Glenwood, Ia., who with her husband, has been spending the winter here, is the only other relative of Mr. Pettinger here.
Pettinger went to Iowa in 1853. He lived at Glenwood after 1860, and was well known in that part of the state.

JEWISH WOMEN IN HIGH COST RIOT

Ruin Meats of Jewish Market
in Anger Over Advance in
Kosher Meats Price

PORTLAND, Ore., Feb. 16.—Enraged because the Jewish meat dealers raised the prices of kosher meats, and then attempted to prevent the operation of the co-operative market, twenty-five Jewish women of South Portland yesterday raided and wrecked R. B. Nuchmann's market, knocked down Nudemann and Rabbi G. Halpern, and the slaughterman. The women afterwards poured kerosene and threw salt on all of the meat. The police answered a riot call.

THE ROLL OF IMMORTALS

We don't know what the university law school lecturers in general are saying to their students these days—no doubt wise and wholesome things,—but at least one such lecturer, Judge John D. Lawson, of the Missouri University, is a man from whom his students are receiving splendid and noble inspiration.

Just now his students are fixing their aims and maturing their standards. Young men of the law, would you stamp your names upon the scanty roll of the immortals? Then receive your inspiration from such men as Judge Lawson rather than from those who use their great talents to defeat justice and degrade the law.

"The administration of our legal procedure has broken down." The lynchings which disgrace our land are the "protest of a people ordinarily law abiding against a condition which has become intolerable." The recall of judges is a demand of the people for courts where justice may be obtained. Legal procedure must be changed in order to give justice without indefinite delay and expense or we shall face revolution.

Judge Lawson and men of his stamp have begun the work. The ideal of every university is service. What grander service can students render than to complete that work? What nobler epithet can they crave than that it may be said that they "found law dear and left it cheap; found it a sealed book, left it a living letter; found it a patrimony of the rich, left it an inheritance of the poor; found it a two-edged sword of craft and oppression, left it the staff of honesty and the shield of innocence?"

MUNICIPAL AFFAIRS

The city trustees of Ventura are considering the establishment of a city electric lighting plant and also a plant to supply natural gas to the city. It is believed a fine supply of natural gas could be developed, close to the city. A municipal natural gas plant would certainly be a novelty in California.

California people have felt a trifle "cheery" about voting bonds for \$18,000,000 for good roads, but Oregon with only a little more than one-fourth of our population is spending \$40,000,000. One-half of this was voted by the state and the counties furnish the other \$20,000,000.

El Centro has reached the metropolitan stage where the city trustees have adopted a house numbering ordinance, and many of the business houses and residences have already complied with the provisions of the ordinance. El Centro's postoffice is doing a volume of business such as to warrant free mail delivery, but the postoffice department refuses to install this service until all houses are numbered and all streets carry signs.

WHAT OTHER ORANGE COUNTY PAPERS ARE SAYING EDITORIALY

Santa Ana Bulletin: The question of what to do with our boys could be easily solved if Santa Ana had an up-to-date Y.M.C.A. building, and a place where the boys could indulge in billiards, pool, bowling, gymnasium, etc. If such a place was in existence today, there would be less public billiard and pool rooms in this city. It is the surroundings and association that hurt in these public places. The same amusement in a Y.M.C.A. building would bring entirely different results. We know there are many who think that billiards and pool is harmful, but harm can come out of anything, and it does not pay in the long run to be too hidebound and fanatical. If we want our boys to go to a better surrounding, we must provide the innocent amusement he gets elsewhere. No

A Serious Shortage
is predicted in the potato market. It will pay you to stock your cellar with a 3 months supply. We have

A Car Load of Fancy Burbanks

and the price for the next few days will be only \$2.25 per 100 lbs. in one or more sack lots. Send your order in today before the advance.

Parsons & McNaught

BOTH PHONES 67

boy was ever driven into being good, but on the contrary, many have gone bad on account of being denied innocent amusements. We know the boy question is a hard thing to handle, and we don't claim to be able to solve it, but we have expressed our idea about it, and the dear readers can take it for what it is worth.

About half can remain on ranch and for other half will take a good clear house in Santa Ana. Los Angeles or Orange, 15 acres vacant, choice sandy silt loam, ready to plant to citrus, an abundance of water piped for irrigating \$6000, or \$581 per acre, \$5000 cash, balance to suit.

3 acres close in at Orange, two-thirds Valencia, one-third lemons. This is a beautiful corner location and one of the most desirable tracts at Orange. Trees are but 4 years old but are loaded with a fine crop, \$5500. Half cash will buy it. 7 acres near the foothills sold to large estate, 20000, and Valencia, 2400 boxes this season. These trees are in all condition and the soil is excellent. A splendid lot for some one at \$10,000, \$2000 cash will handle it.

Then I have a party who owns a span of good young mules, harness and wagon which he wishes to put in as part payment on a good but small automobile, and pay difference.

See M. Cradick, Orange, for bargains. Office Phone 1833.

FOR SALE—Thoroughbred Brown Leg-horn hens. Phone Red 4131.

WHY THE FARMER WAS INCLUDED

SIXTH ARTICLE

Contributed by the Industrial Accident Board

In the article previous to this one we promised to show the farmer where and how he will get back the money he advances in payment of insurance against his liability to his farm help for injuries sustained in the course of their employment. This will require a rather close following of rather careful reasoning in order clearly to be understood.

When a bucket of water is withdrawn from a barrel full of a new water level is so quickly established that the eye can scarcely detect how it is done, but if a bucket of tar be taken from a barrel of tar the new level will be established so slowly that the eye can see exactly how it is brought about. Having witnessed these two experiments we know that when a bucket of water is taken from San Francisco bay a new water level is established in consequence thereof, although we can neither perceive the process nor the effect.

It is so with price levels in a large market. The farmer complains that his prices are fixed for him and outside of him, and that, consequently, he cannot add to the selling price of his product what he has paid out for insurance. This is true, and yet whatever adds permanently to the cost of his product will, by and by, find its substantial equivalent addition to the market price. If farm labor advances in price, or fertilizers come to have to be employed as a necessity to growing crops, the consumer will find farm products going up in the market.

It is just as true that anything that decreases the cost of growing farm products will ultimately lessen the cost of that product to the consumer. These increases and decreases may not always correspond in exact ratio to the increases or decreases of cost, for other factors may enter in, but the difference in ratio will as certainly apply to the cost of insuring against accident as to any other element of cost in production. We do not know these facts because we can identify trace them from cause to effect but because, as with the water and tar levels above referred to, we do know what forces are operating and how they operate.

There is another field of economic operation in which increases and decreases in cost operate as certainly and as steadily as in the price level of commodities, and that is the field of rental value. In this we must distinguish between the farm cultivator and the farm owner as two different personalities, although they may both center in the same individual. In Great Britain and on continental Europe, outside of France, the twain are seldom one.

Now whatever decreases the cost of production to the farm cultivator increases the rent he must pay for his land. Throughout the Mississippi Valley rents have advanced in ten years from one-third to two-fifths and now very generally one-half the crop in obedience to this law. This is because, in our country, renting is freely competitive and leases run only from year to year, so that renters bid to the full that they can pay and still maintain the standard of living that they are used to. These ten-

dencies are not instantly operative, but are none the less certainly operating for a' that.

Therefore, insofar as the farm cultivator does not get back what he pays out in insurance coverage against accidents to his help in the form of added price to his product he is sure to get it, in the long run, in the reduced price he will pay as rent for the farm he cultivates, even though that farm be his own.

Now the per acre price of farm lands, except as influenced by purely speculative considerations or climatic or locational advantages, is dependent upon the rental value. Farms are worth what, over a term of five years, they will pay five per cent, net, on allowance being made for the maintenance of their fertility and productiveness. Hence insurance coverage against accident, if not carried out to the ultimate consumer in the form of an added price for the farm product, will be carried out to the farm owner as a diminishing factor in the selling value of the farm itself. This value of the farm will be like taking a bucket of water out of San Francisco bay. We shall know that a new price level in farm values has been established because of it, but the cost of compensation to all injured farm hands spread over the hundreds of millions of dollars of the aggregated values of the farms of California will diminish those values so slightly that he would never know that he was hurt at all did not someone go to the trouble to point out to him the mode of operation of the economic law of rent.

Of course some friction and difficulty and loss will attend the working out of these final results. No change was ever made in a law that did not produce some such hardship. It is a part of the price of progress, and should be cheerfully borne for humanity's sake.

U. S. C. FINE ARTS COLLEGE SECURES FAMOUS MODEL

The College of Fine Arts of the University of Southern California has just made an important addition to its attractions in the person of Antonio Corsi, the famous artists' model. He it is who, in the words of Alma May Cook, our local Methodist art critic, "As 'Hoses' in Sargent's famous 'Prophets' looks at the world with that haunted expression; who with St. George in the equally famous Burns-Jones 'St. George and the Dragon'; as the Christ in 'The Light of the World,' that famous Pre-Raphaelite canvas by Holman Hunt; as armored knights in Abbey's 'Holy Grail,' and as the male figures in Abbey's famous 'Penance' of Eleanor, Duchess of Gloucestershire, and above all, as the pensive knight in Watts' 'Sir Galahad.' Corsi will remain in Los Angeles at our college exclusively throughout the winter.

A Fine Theory

"Do you think it is likely to get the conductor into trouble to offer his fare after he has passed you by?"

"I really don't know. But I do know that theory has eased my conscience many a time."

The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the Editor as an evidence of good faith. However, the Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

Mr. Editor:—I was pleased to read the comment by Rev. Francis Watry on my article, "The Ethical Side of Co-operation." He and I are so well agreed on the principles of co-operation and its workings, that I would not take space for a reply, only to state one fact which my friend, Mr. Watry, is probably not aware of, and it is this: "As far as I have been able to learn—and I have made some diligent inquiry—the consumer, say in Chicago, does not pay any more for his pound of apricots when the growers get a good price than when the grower gets a poor price. The walnut growers have found the same thing. For instance, when in 1909 the growers here received only an average of 7 1/2 cents, people in Illinois paid 30 to 35 cents per pound for apricots. Only a few days ago a dried fruit man of Minneapolis said, when I asked him about the retail price: 'It does not matter what you get per pound, the consumer pays 20 to 25 cents, or in fancy stores about 30 cents.' I take it that he is authority on the subject.

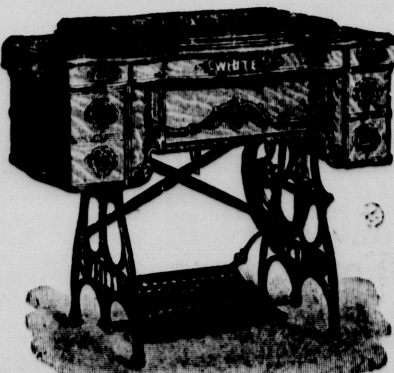

It follows, however, that if the consumer pays the same whether we get 6 cents or 12 cents per pound, that somebody who got the 6 cents difference will fail to get it. Now, that somebody is the speculator. My sympathies extend to the consumer in Chicago or elsewhere. If he were wise he would co-operate for the good of his class. He is learning, too. But my sympathies do not extend to the speculator. I am glad to know that the cooperative associations of growers do not result in hardship to the consumer. If I believed or knew the latter to be the case I could not be as zealous in behalf of our growers' associations as I am. The world is working toward co-operation and will, in course of time, realize the "Co-operative Commonwealth." The growers' organizations are a step in the right direction, and people of moral tendencies should give them all encouragement which I am pleased to know my friend, Mr. Watry, is ever ready to do.

The apricot growers' association has greatly benefited every grower; it is but right and fair that every apricot grower should in his turn help the association to grow and become strong.

J. G. BERNEIKE, M. D.

Forewarned

"Your father tells me," said the earl, "that he intends to leave all his money to charity." "Oh, don't let that worry you at all," replied the beautiful heiress. "I'm sure he doesn't mean it. He told me last night that he was going to try to find out whether you really loved me for myself alone."

Doings In Social and Club Circles

CIVICS CLUB TO MEET

Will be Addressed by Francis L. Moody on Marriage and Divorce

The regular meeting of the Civics Club will be held Saturday, Feb. 17, at 2:30 p. m., at the City Hall. The club will be addressed by Mr. Francis L. Moody, secretary of the State's Commission on Marriage and Divorce. His subject is "A Nation's Crime." He will present data on the subject compiled authoritatively from the latest census reports; tell us of the joint resolution of the California senate and assembly at the recent session relating to an amendment to the constitution of a uniform federal law on marriage and divorce, the recent changes in the law of this state regarding unlawful cohabitation; also of a proposed bill, making it necessary for those contemplating marriage to give the county clerk notice five days before-hand of that fact.

The Civics Club would urge attendance at this meeting. It is certain that the newly enfranchised women of California wish to do their full duty when they vote, and in order to do this they must be fully instructed in the laws now in force or in making for the future. Otherwise how can they vote intelligently and secure good results? Therefore the Civics Club invites all women who are voters to be present at Saturday's meeting. Every member is expected to take a friend or a neighbor to the meeting, thus forwarding the movement for intelligent voting. If women's votes are ever to count, they should count for home interests and for civic righteousness.

W. C. T. U. Executive Meeting
The Orange County W. C. T. U. executive will meet in Huntington

We want you to know that we have all the principal departments of the largest schools of music, viz: Piano, Voice, Violin, Organ, Kindergarten, Musical Theory, Harmony, History and Composition. At the popular lecture to be given tonight at the Methodist Church South, by L. F. Sensabaugh of San Diego, the following program will be observed:

Organ Selection—Harry Warner.
Song by League Choir.
Prayer.
Piano Solo—Mrs. Sensabaugh.
Vocal Solo—James Nuckolls.
Piano Solo—C. A. Gustlin.
Lecture, "Forenoon, Afternoon and Night"—L. F. Sensabaugh.
No fee will be charged but a free-will offering will be taken. The public generally invited. The program will begin at 7:30 o'clock.

Valentine Birthday

Miss Elva Uttley was hostess on Wednesday at a pretty affair given to a number of her friends to celebrate her birthday. As Saint Valentine had blessed the day, it was the happy duty of the young hostess to pay tribute to his memory by introducing his symbols in house and table decorations, so there were hearts and valentines galore and all the joyous insignia of Miss Uttley's patron saint. Most striking of all was a valentine tree that formed the centerpiece of the elaborate seven-course dinner served for Miss Uttley's guests. The miniature tree was hung with hearts, rich fruit which was soon plucked. Red geraniums and smilax used artistically, aided in the effective decorations.

The evening following the dinner was spent musically and in merry chat. The young ladies who helped Miss Uttley celebrate her natal day were Misses Lenore Barkow of Long Beach, Gertrude Meredith of Los Angeles, Mrs. Earl Talcott, Mrs. Will Adams, Miss Edith Adams, Miss Lura Sheats, Miss Mildred McNeal, Miss Edith Cole.

Travel Club to Meet

The Travelers Club Number One will meet with Mrs. L. J. Carden, at 918 French street next Monday afternoon, Feb. 19.

Sunbeam Band

The Sunbeam Band of the First Presbyterian church will meet at the home of Mrs. Geo. Thacker, 501 East Fifth street, Saturday afternoon, Feb. 17th, at 2 o'clock.

"CUPID AT VASSAR"

Pretty Play to be Repeated, on Request, by High School Graduates

Vassar—the dream of every fluffy-haired school miss—Vassar, the golden memory of placid-faced matrons the world over—Vassar with all its fun and frolic, is to be the setting for the drama to be given tomorrow night at the Grand Opera House by '22A class of the Santa Ana High School under the direction of Ernest Phillips.

"Cupid at Vassar" was presented by the class during Commencement week last January, and the production made such a decided hit that from all sides have come repeated calls for a second performance. So insistent were these calls that the class at last decided to repeat the drama as a benefit for the high school, the proceeds going toward the class memorial to be presented to the school.

"Cupid at Vassar" is an extremely pretty play and is to be given with the original cast. The first act is laid at the old homestead of Rose Newton, the pretty Senior, around whose love affairs the play is woven; the second act is Rose's room at Vassar; the third, Christmas vacation at the old home and the last, the Campus at Vassar. It is during this last act that one of the prettiest of the many specialties that intersperse the play, is given. This is the "Daisy Chain" dance given by the Vassar girls. Clad in white gowns these pretty misses, weave the "Daisy Chain" which is one of the time-honored customs of this well-known young ladies' seminary.

The cast will include, Miss Letitia Livezey, who makes a pretty and graceful college senior; Lucile Dessey, the old and worried mother of the college heroine; Elizabeth Paine, her chum, pretty and consoling in times of trouble; Elsie Lutz, the jolly freshman; Genoa Edgerly, who will interpret the difficult role of the jealous half-sister. Robert Paine, who has the leading male part, was exceptionally good at the original production while Royce Lantz as the lazy darkey, was thought by many to be equal to many a professional character actor. Orin Daniel as Hank, the hired man, kept the audience in a good humor, while William Wolf was sufficiently unpopular to denote how cleverly he impersonated the villain of the play, while a real "live Cupid," in the person of little Alice Prather, was present. Each appearance of Cupid meant a storm of applause. Little Miss Prather took the beauty prize at the Los Angeles baby show a few months ago.

Among the song hits will be: "My Sweet Little Rose," Miss Livezey and Mr. Paine.
"When Grandma Dear was Young," Miss Livezey.
"Here's to Vassar College," college girls.
"Baby Rose."
"Boola Song."
"Dear Daisy Chain," the Chorus.

Pretty Party

One of the prettiest of the many recent valentine parties was that given Wednesday eve at the F. W. Weissman home on North Broadway, when the Music Committee of the First Methodist church entertained the choir. The hostesses were Mesdames F. W. Weissman, S. M. Davis, John Wehrly and C. F. Heil.

The living rooms were tastefully decorated with hearts and valentines, and games appropriate to the season were played, interspersed with music by members of the choir. Delicious refreshments, carrying out the valentine idea, were served. About thirty-five guests were present.

Travel Club

The Young Ladies' Travel Club had a pleasant valentine party on Wednesday evening, with half of the membership of the club as hostesses. A number of invited guests swelled the attendance to half a hundred. All the pretty valentine insignia of hearts, Cupids, and red carnations united with greenery, were used in decorations. Ladies and gentlemen alike joined in making valentines that were later received by those for whom they were designed, through a valentine postoffice.

A heart drawing contest and a table game of hearts made the evening merry. Musical numbers were rendered by Misses Lena and Hazel Thomas and Mary Wakeham and Alan A. Revill. A two-course collation was served on small tables at the end of the evening.

Travel Section, No. 2

Travel Section No. 2, of the Ebell Club, will meet next Monday afternoon with Mrs. R. J. Thompson, 402 Orange avenue.

Re-organize Club

The West End Thimble Club was reorganized Wednesday afternoon at the home of Mrs. E. F. Greenleaf. Hearts and smilax were used in house decorations, and fifteen ladies enjoyed the reunion. After an afternoon of conversation and needlework, refreshments were served in cafeteria style.

Church Plans

Rev. and Mrs. Otto S. Russell entertained the deacons of the First Baptist church at their home on Wednesday evening, the officials gathered especially to talk over the proposed remodeling and improvements in the church. Mrs. Russell very hospitably served delectable refreshments during the evening. The deacons present were Messrs. H. E. Smith, L. L. Marchant, Carey R. Smith, W. W. Crosier, G. L. Havens and S. H. Ritter.

Amphion Circle

The ladies of the Amphion Circle were entertained yesterday afternoon at the home of Mrs. George McPhee on Fifth street. The afternoon was purely a social one, the ladies having their needlework with them, and chatting pleasantly as they sewed. Delicious refreshments were served by the hospitable hostess.

Farewell Party

Misses Marie Harris and Miss Grace Gephart were hostesses yesterday evening for a surprise farewell party given at the Frank Harris home on G street, in honor of Miss Cecelia Elmer who will soon leave with her family for residence in Los Angeles. The affair was greatly enjoyed, regrets over the near departure of Miss Cecelia being the only feature that detracted from the evening's pleasure.

Valentine decorations were employed in the decorative scheme. Dainty refreshments were served to the twenty-two guests present.

Pre-Nuptial Shower

The cunning God of Love is more than busy just now in his favored season, when his tiny but powerful army have been flying thick and fast, so it was altogether fitting that a shower for a bride-to-be should be held Wednesday, Cupid's own day. The shower was for Miss Minnie Wilson, daughter of Mr. and Mrs. J. R. Wilson and well known particularly in First Methodist circles. Mrs. Clarence H. Wilson was the hostess, and the guests were largely relatives and family connections, a few old friends being included in the list.

Miss Wilson, who is to be married in May, had to search for her gifts, but the "cob-web hunt" was entirely happy in its results as it revealed many pretty and useful gifts. Delicious refreshments concluded the pleasant party at which the guests were Mesdames J. R. Wilson, P. M. Crump, George Chamberlain, Bertha Wilson, Rose Barton, J. B. Record, Fryatt, Roy Riddle, Wood, Dilley, W. W. Wilson, John Wilson, Harrington, Misses Rena Fryatt, Frances Dilley, Margaret Bowen and Laura Wilson.

Valentine Party

One of the most pleasant events of the season took place Wednesday at the beautiful home of Mrs. George Balderston, Worthy Matron of Hermosa chapter, O. E. S., when that lady entertained her official staff of officers with a charming and perfectly appointed one o'clock valentine luncheon.

The guest of honor was Mrs. Boyd of Anaheim, District Deputy Grand Matron.

The spacious parlors of the Balderston home were beautifully decorated with smilax and ferns, into which were woven hundreds of St. Valentine's offerings—gleaming red hearts veiled with the nodding spicy scarlet carnations. Carnations effectively used formed center pieces for the two snowy draped tables which

OUR GREAT Pre Inventory Clearance Sale

SANTA ANA, CAL.

gleamed with cut glass and silver while ropes of red hearts were festooned from the chandeliers to the four corners of the tables. The place cards were miniature valentines and the favors were little red wicker baskets filled with salted almonds and heart-shaped mints.

The dainty five-course luncheon was faultlessly served by four ladies from the Past Matrons' Association. Mesdames Robbins, Dickinson, True and Reinhaus, who were costumed in dainty aprons, caps, Colonial slippers, to represent typical South Carolina waitresses. Throughout the various courses a heart scheme prevailed, hearts being frozen in the ices and used in the cake decorations.

Following the luncheon a delightful afternoon was spent with music and contests. Mrs. W. L. Grubb winning a gold stone set heart-shaped brooch as first prize, and Mrs. Prince L. Tope was awarded a box of stationery as second prize.

Several heart-shaped valentines were presented Mrs. Halderston to remind her of the esteem in which she is held by the officers of Hermosa chapter. Her guests were Mesdames Boyd, Grubb, Cavens, Pease, Whidden, Rowell, Hall, Rowland, Reeves, Tope, Avery, Lamb, Steadman, Tubbs, Robbins, Reinhaus, Dickinson, True, Kellogg, and Miss Mattie Whitson.

W. R. C. Events

One of the pleasant birthday meetings of the officers of the W. R. C. was held on Feb. 8, at the home of Mrs. Samuel King. About fifteen ladies assembled, and with lively conversation, music and games the time passed rapidly. Magic music tested the wits of the ladies and they provided an interesting and artistic and poetical powers were also tried. The one who designed the best valentine, with an original verse appended, received a prize.

Refreshments were served, after which the ladies adjourned, all hoping that another affair would soon entertain.

Another W. R. C. event of recent date was the observance of the birthdays of Washington and Lincoln at G. A. R. Hall. The well rendered program under the direction of Mrs. H. Clay Kellogg, will long be remembered as one of the most impressive methods of instilling in the minds of our children, a love for the "Dear Old Flag."

A Colonial Cantata

(Written and Arranged by Miss Blanche Shoemaker).

This entertainment will be given at orange in the High School Auditorium, Feb. 23, under the auspices of the Parent-Teachers' Association by more than two hundred pupils of the Grammar schools, all grades, in each building being represented.

The following plays, choruses, drills and pantomimes will be given: 1. A Colonial Minuet, First and Second Grades, Center street. 2. Colonial Life in Virginia, Fifth Grade, Center street. 3. Cotton Pickers' Drill and Chorus, Sixth Grade, Glassell street. 4. Play, Salem Witchcraft, Eighth Grade, Center street. 5. Puritan Candle Drill, Seventh Grade, Glassell street. 6. Play, The New Amsterdam Dutch, Sixth Grade, Center street. 7. Hunters and Trappers' Drill and Chorus, Third Grade, Glassell street. 8. Play, Pennsylvania Quakers, Fourth Grade, Glassell street. 9. Treaty Day with the Indians, Fifth Grade, Glassell street. 10. Play, Georgia Debtors, Fourth Grade, Center street. 11. Debtors' Hymn of Gratitude, Third Grade, Center street. 12. Play, Frontier Life, Seventh Grade, Center street. 13. Play, Revolutionary Days, Eighth Grade, Center street. 14. Allegorical Scene, Change of Colonies to States, Eighth Grade, Glassell street. 15. Tableau and Chorus, The Original Flag of the United States, Primary Grades, Glassell street.

The pupils will be costumed correctly from an historical standpoint, and the cantata will be both entertaining and instructive to an unusual degree. A low price of admission will be charged, as this is to be a school benefit.

Easter Music Rehearsals

Director Allan A. Revill of the choir of the First Congregational church announces that rehearsals for a cantata to be given on Easter Sunday at that

church will begin some time next week. All outside singers who will assist in this production are asked to write or phone to Mr. Revill. His phone number is Red 31.

At the Martin Home

Mrs. J. H. Martin and her daughter, Mrs. James Willis Rice, were hostesses yesterday afternoon at a most enjoyable valentine whist party at the beautiful country home of the Martins on East Seventeenth street. To those who drove or motored out from town through the glorious spring-time sunshine there was an added charm in the fact that the party was in the country, and no more pleasing destination could have been chosen than the Martin home, nestling in its orchards, with the brilliant poinsettias still glowing with Christmas cheer before its hospitable doorway where the guests were greeted by the two gracious hostesses, who were assisted by Mrs. James S. Rice. Inside were great brass fires filled with the beautiful wild geranium blossom.

At five o'clock a most delicious three course supper was served at the small tables, after which the prizes were awarded—each one a dainty piece of needlework which made its fortunate possessor much enriched by those who were less favored by fortune.

Open Meeting

Tonight the Fraternal Brotherhood will hold an open meeting which the members and their friends are cordially invited to attend.

Supreme Vice President Mrs. Niedix, will be present and after the session a short program will be given.

To Cure a Cold in One Day

Personals

The following members of the M. E. church, South, went to Los Angeles this morning to attend the district conference, being held at St. Paul's Methodist Church, Los Angeles: Mesdames A. F. Stem, J. A. Turner, M. C. Hill, F. O. Daniel, T. J. Haughton, Susan Haisell and M. Varne.

J. A. Cranston was a Los Angeles visitor today.

Mrs. J. D. Thomas spent the day with her brother in Pasadena.

C. W. Sheats had business in Los Angeles today.

Mrs. Russell Scott spent the day in the Angel City.

Mrs. Mary Rowell and Mrs. W. B. Wetherbee spent the day with Mrs. Rowell's daughter, Mrs. Harry Terwilliger, near Benedict.

Ed Stark was an out-of-town visitor today.

Mrs. C. Andre spent the day in Los Angeles.

Mrs. Olive Lopez and little daughter, Isabel, went to Trabuco this morning to visit Mrs. Lopez's sister, Mrs. W. K. Robinson, until Monday.

H. T. Rutherford had business in Los Angeles this forenoon.

Alan Revill was a passenger on the 9:10 car, going to Pomona.

E. S. Gilbert caught the 7:20 trolley car for Los Angeles this morning.

Mrs. Margaret Maynard, an artist from New York state, who has been the house guest of Mr. and Mrs. W. T. Merigold for the past five or six weeks, has decided to remain here permanently. She will rent a home near the Merigolds for the present.

The J. G. Quicks have returned from their extended eastern visit.

Free Friday Evening

—Santa Ana Lodge of Moose invites all its members with ladies and the public in general to their open meeting Friday evening, Feb. 16, 1912.

Everything free.
Music, dancing and box social.
Ladies are requested to furnish lunch box.

Respectfully,
W. G. GOULD, Secy.

San Juan Hot Springs

—San Juan Hot Springs Co. has just completed several new buildings. We are now prepared to accommodate all visitors. Stage will meet north and south bound trains on Saturdays and Tuesdays at 11 a. m., at Capistrano. For further particulars write San Juan Hot Springs Co., San Juan Capistrano, or Phone, Black 1446, Santa Ana.

—Try one of those invincible bicycle tires, guaranteed for 6 months. Coleman & Hoxsie, 217 West Fourth.

SAYS BUILDING OUTLOOK IS PLEASING

Inspector Roper Takes Optimistic Attitude as to the Record for the Year

DEAN LETS CONTRACT FOR NEW BUNGALOW

Twenty-seven Water Taps Have Been Issued Since First of February

Building Inspector Roper is well pleased with the building outlook. He says that the pace set early in the winter is keeping up, and there is a good deal in sight for the immediate future.

Yesterday was a good day for building permits. Six were issued in that one day, and Roper is expecting three or four in today or tomorrow. He believes the year 1912 will be the biggest building year in the city's history.

Yesterday H. G. Dean took out a permit for a 5-room bungalow to be built on lots recently bought by him

Good Artificial Building Stone

will outlast cut stone if properly made and it costs much less.

We design and make stone trimmings in colors to suit builders—copings, buttresses, columns, arches and foundation stone, made to order in any design.

O. M. Robbins & Son
Insurance
419 N. Main St.

in the 800 block on South Main street. C. G. Ramsey has the contract with the figure of \$2350. South Main street has seen no small amount of building in the last four months, and a number of lots have recently been purchased on that main thoroughfare for the purpose of building. Contractor McMillan has had several jobs on that street, including a cottage or two built on his own hook for sale.

Verne Whitson expects to build very soon on property purchased by him on South Main street.

H. W. Brann is going to build a house on the lot adjoining his home on East Third street. Elmer Arnold has plans for the completion of two new houses at the corner of D and Stafford streets. The city recently gave orders providing sewers for that portion of D street.

Mrs. May Dripps is planning a cottage to be built on Bush street near Poinsettia.

Many Water Taps
As has hitherto been stated in this department of the Register, the number of water taps issued by the water department points the way to the activity in building.

Since the first of this month, twenty-seven water taps have been put in by the department. Twelve of these are for the block on Hickey street that B. F. Townsend is preparing for subdivision. Some of the twenty-seven taps are new taps for old houses.

Two Weeks More

Frank Vegely expects to have his garage on North Main street completed by the first of March. Workmen will begin putting in the plate-glass front next Monday.

BUILDING PERMITS ISSUED DURING THE PAST WEEK

To M. J. Brann, with J. J. Peters, contractor, 4-room cottage at 1426 East Third, \$550.

To Henry Tredwell, with James O'Brien contractor, 5-room cottage at 728 South Flower, \$1150.

To W. S. Peck, with Thomas Ash contractor, addition at 711 East Third, \$500.

To W. M. Gregg, garage at 720 Spurgeon, \$400.

To E. T. Rodgers, addition at 1010 Ross, \$50.

To John E. Peterson, addition of two rooms at 926 West Pine, \$200.

To Perry E. Taylor, 5-room bungalow at 922 West Pine, \$1200.

To Ernest Heyman, with C. M. Jordan contractor, paint and plumbing shop at 556 E street, \$500.

To W. S. Harris, with R. H. McDonald contractor, 6-room cottage at 1420 West First, \$1800.

To H. G. Dean, with C. G. Ramsey contractor, 5-room bungalow at 816 South Main, \$2350.

To W. C. Wells, corrugated iron building at 306 East Fifth, \$300.

To Charles B. Morgan, 6-room bungalow at 208 East Tenth, \$1500.

To John F. Franke, with N. L. Galbraith contractor, addition at 907 Stafford, \$700.

ORANGE VALUE TO BE ENTIRELY UTILIZED

Recent Experiments at Pittsburg are Said to Make This Possible

OIL FROM PEEL IS IMPORTANT

By-Products are Imported While American Culls are Wasted

Local orange growers will be much interested in important discoveries reported to have been made in the industrial research laboratory at the University of Pittsburgh, by which it is said practically 100 per cent of the world's orange crop can be utilized in commerce. After a few months' work the chemists at the university have succeeded in preserving the pure juices of citrus fruits without the use of artificial and injurious preservatives. From the fragrant blossoms that adorn the blushing bride's coiffure, the last neglected seed in the "cull," everything in the orange henceforth will serve man. Instead of allowing one-third of the great crops to rot upon the ground, on element in this favorite fruit will be lost.

The research at the university will be of great advantage in ice cream making, confectionery and in baking. The process followed in the preserving of the orange juice requires little expense, and the pure juice and extracts can be had at a cost little in advance of the artificial concoctions now offered to the trade.

Fellowships established at the university under the direction of Dr. Robert Kennedy Duncan called for the expenditure of almost \$100,000 in industrial research, and among these a sum of \$2000 a year for two years has been donated pending the investigation of the means of utilizing orange "culls" and other citrus fruits, including grape fruit and lemons. In addition to the subscription of \$2000 a year a large additional consideration is offered for the successful application of the experiments.

Fruit Growers Benefited

Realizing the immense advantages to Pittsburg manufacturers in having the problems worked out in the laboratory, the Pittsburg industrial developing commission and the research department of the University of Pittsburgh have co-operated in the enterprise which means an immeasurable benefit to the commercial world. The advantages of the research will accrue not only to the fruit growers of Florida and California and other parts of the world, but to manufacturers of oils, flavoring extracts, confectionery, medical preparations, etc.

One of the results of the investigation likely will be the satisfactory preservation of pure orange juice in a manner not conflicting with the state and federal pure food and drug acts. The summer fruit who always awaits a new beverage, will hail with delight and enthusiastic patronage an orange drink offered with science's seal of rich flavor and genuine purity. It seems now that in the Pittsburg laboratory a real "orangeade" has been discovered.

A Dozen oranges of average size will produce a quart of juice. Selling this at 5 cents a glass would bring a profit equal to that made off a dozen of good oranges, aside from the revenue to be derived from the extraction of the various oils, aldehydes and terpenes in the rinds and the seeds.

Loss Has Been Heavy

The orange "cull," as all shippers and fruit dealers well know, is not fruit which has shown decay. The "cull" may be of inferior size or show a slight bruise, but in all other respects be just as good for commercial purposes as the "No. 1" quality. At present the difference between the No. 1 brand and the "culls" represents almost a total loss. Here is a bulletin recently issued by the United States government which tells this story in amazing figures:

Kind and Locality

California oranges, 28,317 cars; value \$28,317,000; approximate loss, \$424,750; percentage of loss, 1.5 per cent.

California lemons, 4782 cars; value, \$4,782,000; approximate loss, \$358,650; percentage of loss, 7.5 per cent.

Florida oranges, 6,000,000 boxes; value, \$9,000,000; approximate loss, \$630,000; percentage of loss, 7 per cent.

In the American possession and in tropical countries in other nations, the percentage of loss is still greater. A bulletin for 1910 from the United States agricultural experiment station in Puerto Rico states that from 20 to 25 per cent of the orange crop on the island is lost annually from decay. Nicholas R. Snyder, American consul at Kingston, Jamaica, reported last year that fully one-third of the citrus crops in that beautiful country rot on the ground. These fruits, Mr. Snyder declares, are principally oranges and lemons.

The percentage of losses here estimated result from the neglect of the "culls." When the crop is picked the rejected oranges mostly are in good

condition for the fruit press, and the rinds would yield their rich ingredients. Thus far the oil in the seeds has been applied to no general commercial use, but the rind is particularly valuable.

The oil in the orange skin consists of about 90 per cent of a terpene known as alimonene. From the essential oils perfumes, camphor and other terpene derivatives are extracted. The flavoring matters of the orange are bodies known as the aldehydes, of which the one in the orange is called "citral." The method that has been used for the preparation of orange extracts is to utilize the entire extract of the skin. After thorough experiments it is more customary now to distill the majority of the terpene.

Comparatively little attention has been given in this country to the manufacture of what may be called the by-products of the citrus fruits. The reports of the agricultural experiment stations and the American consuls recite the same sad story of loss and what has been shown by Pittsburg chemists to be needless waste.

Articles in commerce made from the orange rind are made principally in the province of Calabria in Southern Italy. There in antiquated plants conducted by the peasants are manufactured the precious oils on which the United States imposes a duty of about \$1 a pound. The price of the oil, as a result of the duty, is about \$2.50 a pound. Americans pay this, while more than \$1,000,000 worth of fruit is lost in Florida and California every year.

READY TO BEGIN WORK ON GETTING A RIGHT-OF-WAY

Orange News: A committee to begin active work toward securing the electric car line was appointed Tuesday evening by the chamber of commerce at the first meeting of the new board of directors. The committee will act in conjunction with any other committees in the city that have the same object in view. Its members are P. W. Ehlen, D. C. Drake and F. J. Dettenhafer. Mr. Ehlen is chairman.

L. M. Hartwick, president of the chamber of commerce, also named his appointments of chairman of the various standing committees, as follows: D. C. Drake, public improvement; F. E. Hallman, trade and transportation; F. A. Blake, manufacturing; P. W. Ehlen, finance; W. E. Clement, publicity; F. J. Dettenhafer, membership.

The above chairmen will select their own associate committeemen.

Coast Cities Doing Well

The steady growth of the cities of the Pacific coast is well shown by the figures on building improvements for 1911, which have just been made public. Following are the totals for many cities of the three coast states—California, Oregon and Washington: Los Angeles, \$23,002,885; San Francisco, 21,158,214; Portland, 19,144,940; Seattle, 7,491,076; Oakland, 7,273,043; San Diego, 5,729,505; Spokane, 5,315,940; Sacramento, 3,069,257; Pasadena, 2,183,767; Long Beach, 1,819,470; Berkeley, 1,737,450; Tacoma, 1,400,000; Santa Monica, 1,400,000; Riverside, 908,560; Santa Ana, 531,576.

Only four cities in the country—New York, Chicago, Philadelphia and Boston lead Los Angeles in the amount spent on new buildings in 1911. Seattle, which for a time was a close rival of Los Angeles, is falling far behind.

Reports on permits issued for January of this year show that Los Angeles was the third city in the country, next to New York and Boston, and leading both Chicago and Philadelphia. The permits in Los Angeles amounted to \$2,456,872; both Portland and Seattle fell below the million dollar mark.

A New Bungalow

Orange News: The old Gregg place at the corner of Cambridge street and East Chapman avenue, has been sold by the owner, S. M. Craddock, and will be moved by the purchaser to make room for a new bungalow, which will grace the corner. The W. P. Smith family, who have been occupying the house, are preparing to move to their own residence, which has just been completed on East Maple avenue.

BIG AFFAIRS WEST FOURTH

Rossmore and Visel and Czarske Sales Large Items of the Week's Sales

Realty affairs of the past week were marked by the two big deals whereby C. E. French came into possession of the Rossmore Hotel and W. A. Zimmerman came into possession of the A. J. Visel property at the corner of Fourth and Sycamore and the Czarske property immediately adjoining the Visel property on the north.

These deals are said to speak for some big improvements. The Rossmore building is a three-story building, and the new owner expects to do a great deal in the way of improvement. Should Zimmerman's purchase result in the erection of a four-story building or higher, the structure will be the first in Santa Ana to exceed three stories.

Fourth street has witnessed many improvements, small and large, in the last two years. Now that the Orange County Savings & Trust Co. building is nearing completion, one may see what a fine building it really is. The interior finishing is costly and fitting of a financial institution.

APPLY DIRECT TO FOREST MEN

Supervisor Wheeler of Cleveland Forest Gives Valuable Information to Public

That the Forest Service is a decidedly democratic institution was made plain in a statement given out today by H. N. Wheeler of San Diego, supervisor of the Cleveland National Forest.

Mr. Wheeler said that no middle man is required in doing business between the service and the prospective user of the National Forests. Not only is it cheaper for the applicant, but it results in a clearer understanding by the forest officers of what he wants and by the applicant of what he will be required to do.

This is especially true of prospective applicants under the Forest Homestead Act. By dealing through a middle man they often get a wrong idea of the workings of the act and are misled into believing that the process of listing is a government certification of the agricultural value of the land. As a matter of fact many tracts on the desert side of the range have been listed on application largely because they have no value whatever for forest purposes and were

originally included in the forest simply because to exclude them would have made a boundary too crooked to be practical.

The best way to find out now to secure any use or occupancy of National forest land is to go straight to the supervisor whose office is in San Diego. He will gladly give authoritative information about all the laws and regulations. Every forest ranger has instructions to answer all questions fully and courteously. While he cannot hunt up desirable tracts for any applicant because to do so would not only take him from his regular work but also subject him to a charge of playing favorites, he will be glad to give full information to any inquirer about the territory under his charge—roads, trails, topography and resources.

An applicant who applies through a middle man for a tract of National forest land which he has never seen is often very much disappointed.

STATE PRINTER WORKS REFORM

(Editorial From the Stockton Independent.)

State Printer Richardson is taking hold of his office duties in a way characteristic of him, and his administration at this time promises to be a very successful one in management and economy of maintenance. His decision to employ apprentice boys in the printing shop instead of holding the places for friendly voters will prove highly beneficial to the printing trades as an occupation and establish a precedent for less fearless officials that may succeed him. The harm being done in all mechanical lines by reason of the restrictions placed around apprentices of all kinds is working a hardship on the various industries and in the opinion of many students who have investigated the subject is causing a lessening in efficiency among journeymen and actually lowering the standard of workmanship as compared with that of years ago. The state printing office, like all other printing establishments, has much work that apprentices in their various degrees of service can well perform with economy to the plant and increased skill and efficiency to the trade generally. The same is equally true of all mechanical industries and the restrictions with which the apprentice system is now surrounded will a few years hence be deplored as one of the follies of the age.

HE MADE A QUARTER OF A MILLION ON LOT

William Raymond Reaps Benefit of Marvelous Advance of Los Angeles

Los Angeles Examiner: Twenty-nine years ago William Raymond, then a newcomer from Hampton, La., purchased a lot on South Broadway, between Tenth and Eleventh streets, for \$5000.

Yesterday he sold half of the lot to the Los Angeles Investment Company for \$250,000.

Raymond's original purchase had a frontage of 220 feet and a depth of about 350 feet. Six months after his purchase he decided that the property was too large for a home site and sold half of the lot for \$4000. In 1889 the city extended Broadway and paid Raymond \$3000 for a strip of ground necessary for street purposes. This gave him his remaining 110 feet clear and \$2000 in addition.

\$250,000 Profit
From two frame dwellings built on the lot, Raymond has realized many times the amount of his original purchase in addition to paying all improvements and taxes, and now realizes a clear quarter of a million dollars.

The frontage is said to be the greatest of any single lot on Broadway. It is directly in front of the intersection of Main and Broadway, and 200 feet from the extensive improvements planned by H. E. Huntington on the old Childs property.

MILLIONS OF FOLKS USE ONLY CASCARETS

They Never Have Headache, Biliousness, Sluggish Liver or Bowels or a Sick, Sour Stomach

—No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets and quickly too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle cleansing, too.

ALFALFA SYRUP WILL SOON BE IN ORDER

The Alfalfa Growers' Association of Southern California met recently in Ontario, with representatives present from nearly all districts to hold their second annual

FROM SUNSHINE LAND

Cottolene is a vegetable product—without an ounce of hog fat in it. It is made from the choicest cotton oil, extracted from the seed picked on the fields of the Sunny South. It is a product of Nature, and makes wholesome, digestible, healthful food.

Cottolene is made in a cleanly manner—from Cottonfield to Kitchen human hands never touch the oil from which **Cottolene** is made. It is the one high-grade, absolutely pure and perfect cooking fat—and far preferable from a health and economic standpoint to butter, lard or any other fat.

Cottolene is more economical than butter or lard because it goes one-third farther.

Music and the Drama

At the Grand

Whatever may be thought about the propriety of the German-French farce “Alma, Where Do You Live?” produced at the Grand last night, no one will deny that the lively musical comedy was delightfully sung and admirably acted. Not a dull second married its rapid course from the “Boo Hoo” song of the French maid Louise, musically wept by Miss Bea Hamilton, to the final fall of the curtain.

Every one of the fourteen tuneful numbers of the original score of Jean Briquet, the French composer, was given with a dash and melodic result that was simply captivating. Particularly taking were “Alma,” the haunting waltz song that forms the musical theme of the play, flashing melodiously in and out through the entire performance; “Land of Beautiful Dreams,” and the duet “Kiss Me, My Love,” the latter, sung by Miss Pluck and Mr. Aubrey Yates, being a kissing song along original lines apparently well pleasing to the audience.

The stage settings were excellent, the first and third acts taking place in the Martin's house, and the second act in Alma's boudoir. The latter scene was pleasing, but the first was unusually good, the distant view of the city seen through the apartment windows being most realistic.

Charles A. Murray is a past master in fun-making and was irresistibly amusing as the gay old Theobald Martin, whose giddy conduct was almost forgivable when one gazed on his sour-faced wife of whom he stood in mortal terror. Vivian Gill took the part of the irascible, domineering

wife in a true-to-life manner.

Nunnette Black was a naughty, womanly Alma, who trod on the edge of the proprieties frequently, but who always edged away just in time to save the blushes of the audience, singing in a voice of lilting sweetness and making love in a way that would turn almost any man's head, young or old.

Gaston was played with cleverness by Chas. Walton, and the part of Pierre LePeach, a green, innocent country lad, was taken most naturally by Aubrey Yates, the possessor of a beautiful tenor voice. Count Bolivar, who frequently had to imbibe ice water to “become quite cool again,” was given a more than ordinarily good presentation by Edwin Carewe.

The other parts were meritously played by the rest of the cast. As to the morals of the play, it is a genuine pity that a play so rich in music and comedy should be marred by the fringe of suggestiveness that hangs about it and which could be eliminated without injuring its real merit in the slightest degree, for after all what people in general really enjoy is legitimate fun without coarseness or its suggestion.

DROPPED PIPE: MASHED FOOT

Huntington Beach News: Ross Harcha, an employe of the Holly Sugar Company, while at work at their plant Tuesday afternoon, accidentally dropped a piece of heavy pipe on his left foot, badly mashing the toes. He was hurried to the Ocean Wave rooming house in an automobile and treated by Dr. George A. Shank. The injury is severe but will cause no permanent lameness.

Janitor Was Sensitive
The janitor in a Milwaukee school gave up his place the other day. When asked what was the trouble he said: “I'm honest, and I won't stand for being suspected. If I find a pencil or handkerchief about the school when I'm sweeping I hand or put it up. Every little while the teacher, or some one that is too cowardly to face me, will give me a slur. Why, a little while ago I seen wrote on the board, ‘Find the least common multiple.’ Well, I looked from cellar to garret for that multiple, and I wouldn't know the thing if I met it. Last night, in

big writing on the blackboard, it said, ‘Find the greatest common divisor.’ ‘Well, I says to myself, ‘both of them things are lost now, and I'll be accused of stealing ‘em, so I'll quit.’”

What He Was
“You wouldn't think,” he said, indicating a gentleman across the street, “that that ordinary, commonplace-looking person has many times stared death unflinchingly in the face?”

“Why, no. Is he a desperate character?”

A Ray of Hope
“So you are the father of twins?” “Yes. They look just like me, too.”

“Oh, well, I wouldn't worry. Some children, when they get older, don't look at all the way they did when they were babies.”

FOUR OF THE LEADING "ROLL OF HONOR" CANDIDATES IN THE REGISTER'S CONTEST

Mrs. N. E. Todd Leads Today

Mrs. Sam Preble

Mrs. J. H. Harvey

Miss Mildred Curtis (Photo by Hickox)

TRIPLE OFFER WILL CLOSE TOMORROW NIGHT

Get in All the New One, Two and Five Year Subscriptions You Can Before Eight O'Clock Tomorrow Night—Step Lively, You Will Need the Votes.

There is just twenty four hours left to see your friends and get TRIPLE VOTES for their subscriptions. Make good use of your time and make your friends realize that now is the time to cash their promises with you.

Be at it hammer and tongs from the rising to the setting of the sun and be satisfied that you have at least done as well as your competitors during the TRIPLE VOTE season. See that you have no regrets on the "id" is tightly nailed down on the TRIPLE VOTE OFFER and have a reserve big enough that will make your merry competitors hustle to keep in line.

Remember that after tomorrow there are but twenty-four working days left in this contest. The contest is half over now and by the time the TRIPLE VOTE OFFER is over it will be nearly all over. BECAUSE DURING THE NEXT TWENTY-FOUR HOURS YOU CAN ACCUMULATE MORE VOTES ON THE TRIPLE VOTE OFFER SCALE THAN YOU CAN DURING THE REMAINING DAYS OF THE CONTEST.

Don't, during the next twenty-four hours, lose any time in search of business that does not earn TRIPLE VOTES—your time is altogether too valuable NOW, but after the big offer is over you can find time to go after coupons and old subscriptions. Don't be taking in three and six months subscriptions on renewals, while your competitors are after big subscriptions such as new yearly subscriptions or better. Don't be misled to believe either that the renewal of three six months new subscriptions are not valuable—they are so valuable that if you should let one slip by you it may mean the loss of the big E-M-F Touring Car. Keep such subscriptions down in your note book and when the TRIPLE VOTE OFFER is over get right on the trail and go after them. In a word—you are in a race

against time. "Time and tide wait for no man," and this is also true of the opportunity that is knocking at your door. No matter how hard anyone may plead for an extension of time on the TRIPLE OFFER it will not be granted and you are all advised to make the best of tonight and tomorrow.

And don't wait until the last minute before the offer closes. If you have any subscriptions that you have not already turned into the office of the contest department, bring them

in as soon as possible. Vote early and often in this good natured race and keep your campaign healthy with plenty of excitement among your friends.

Never slacken the pace that you have set—keep it on the increase all the time. This is the way to instill confidence.

Your friends must have confidence in your ability to win in order that they can now honestly boost for you as a winner.

The candidates are running a neck and neck race for first place. Why don't you be the exceptional one, and beat the field? By beating the field is meant, "Have one more vote" than your competitor" on March the 16th, the last day of the contest.

But you want to be very sure that you are one vote ahead and the best way to make sure of this is to pile up a reserve vote that will assure absolute success.

The way to pile up a reserve vote is to never let a minute pass without seriously thinking of who your next subscriber should be, THEN GO AND GET HIM.

AGAIN COMES MARTEN'S ECHO

Suit Heard in Los Angeles—
Notes Given in Payment
for Bogus Title

Los Angeles Times: An echo of the long series of frauds charged against Henry J. Martens, present whereabouts unknown, was heard in the United States District Court yesterday in the suit brought by C. E. Gault of Topeka, to collect \$3000 alleged to be due on six notes of \$500 each, given Martens by Peter and Helena Wohlgenuth in return for a supposed title to land.

It was during the latter part of 1908 that Martens appeared at Anaheim as the self-styled owner of valuable lands located in Kern county. He induced a number of people in that vicinity to invest, got what money he could and took notes for the balance, which he afterwards disposed of to innocent parties. It is asserted. Soon after Martens left the country it was discovered that he did not own the lands he attempted to transfer to these people and there was immediate trouble. The notes had been sold and suits were brought to recover the amounts set out. In every case, however, so far as known, fraud was pleaded and nothing was collected.

In the present action, the notes were pledged to the Bank of Topeka, with other collateral as security for a loan of \$16,000, secured by Martens. Before the Wohlgenuth notes became due, the makers of it were informed of the change in the possession of the paper, but the bank was informed that on account of the fraudulent nature of the transaction, the notes would not be paid, that no property had ever passed from Martens to the Wohlgenuths.

Then the notes in question, with about \$26,000 in other notes, all of the same description as the Wohlgenuth notes, were sold by the bank to C. E. Gault, attorney of the institution. It is alleged that he paid but \$100 for the entire lot.

GROUND BROKEN FOR NEW BUILDING

Many Improvements are Being
Made at the State
University

UNIVERSITY OF CALIFORNIA, Feb. 16.—Ground has been broken for the new concrete Chemistry Auditorium, a lecture hall for science courses, it will seat 500. The old Chemistry building, built to accommodate 500, is now used by more than 1500 students. One of the greatest needs of the university is a new permanent chemistry building, planned to relieve the present overcrowding in the laboratories. Gilbert N. Lewis, Research Professor of Chemistry in the Massachusetts Institute of Technology, to be Professor of Chemistry, will come next fall to Berkeley.

A new testing laboratory has just been completed for the Department of Civil Engineering. Here the department trains its municipalities and counties in such matters as require special scientific investigation and the use of equipment beyond the scope of private commercial testing laboratories. For the United States Reclamation Service, for example, the department is testing the fitness of sands from various parts of the west for use in concrete, for various California cities experiments have been made as to rock for road-building, while an experiment recently pro-

All Those New Bungalows

That are now springing up as if by magic in all parts of our fair city should be furnished with

Our Artistic Craftsman Furniture

This is the ideal furniture for the bungalow, in fact there is no other style of furniture that will produce the harmonious and pleasing effects for so small an outlay of money. And it also has the merit of durability—not only will it last a lifetime, but will endure for the service of future generations.

We carry an exceptionally complete stock of Fumed Oak Arts and Crafts Furniture, Arts and Crafts Rockers and Easy Chairs

We carry dozens of styles in the popular fumed oak finish. Some have Spanish leather upholstered seats and back, others plain oak seats. We have them in high, medium or low backs and all are finely finished. The prices range from \$6.50 to \$20.00.

BUNGALOW NET FOR CURTAINS
We have just received another big stock of bungalow net, the finest curtain netting made. It comes in white and ecru and in widths ranging from 36 to 50 inches, price, 25c to \$1.00 per yard.

NEW DIRIGIBLE IS AERIAL CONQUEROR

Late Invention of Aviator
Makes it Possible for Craft
to be Aloft for Weeks

NEW YORK, Feb. 16.—The Scientific American announces an invention by Melvin Vaniman of a dirigible balloon in which the inventor can remain aloft for weeks. The problem of perfect aerial equilibrium is solved, Vaniman is planning to take a transoceanic trip. Thomas A. Edison has examined the invention and says it is a practical one.

Game at Fullerton
The Y. M. C. A. basketball teams of Santa Ana will go to Fullerton to play the Y. M. C. A. team at that place. The return game will be played at the grounds on French street Friday evening, Feb. 23. The Y. M. C. A. championship banner is on display in the window of Uttley & Mead's clothing store.

FORM REPUBLICAN LEAGUE

SAN BERNARDINO, Feb. 16.—At a meeting held here yesterday and attended by about twenty insurgents of the county, the Progressive Republican League of San Bernardino County was organized. Dr. W. P. Burke of Redlands presided as temporary chairman. E. C. Merryfield of Highgrove will be vice president.

The Northern Part of the County

SHIPMENTS OF ORANGES SLOW

Fullerton Packing Houses are Holding Back for Clearing of the Market

FULLERTON, Feb. 16.—The orange shipments from this section have been very slow on account of the poor markets in the East, resulting from the fact that many towns had shipped poor fruit to markets. Most of the good fruit is being held until later, and all of the packing-houses are running on a small output. There is practically no fruit in this section damaged, while most of it is very good, better than usual.

EAGLES WILL GIVE BALL ON MARCH 15

ANAHEIM, Feb. 16.—Anaheim Aerie of Eagles, No. 947, will give a big ball in the opera house on March 15. Preparations are now under way, and the committee in charge is: Joe Hessel, chairman; C. L. Swope, Lenmy Hessel, Sam Rule, Chilli Fischer, and Mr. Melcher.

The prodigal sons have returned to Anaheim—H. Wilkins and Geo. Hatfield. They expect to engage in the butcher business in Placentia.

Mr. Foote, agent for the Studebaker E-M-F, and the three Frampton brothers were in this city Wednesday night in attendance at the leap year ball given by the Six Jolly Maids.

State of Ohio, City of Toledo, Lucas County—ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

SOCIAL AFFAIR A PLEASING ONE

ANAHEIM, Feb. 15.—The Young Ladies' Sodality of St. Boniface church, last night entertained with a Valentine card party in the K. C. hall. There were a good many people present and all enjoyed themselves very much. Refreshments of coffee and cake were served. Mrs. Muckenthaler won the ladies first prize, Mrs. Louis Kroeger second, and Mrs. Pratt was awarded the consolation prize.

Leap Year Ball

The leap year ball given Wednesday night in the opera house hall was a decided success, and, as many have said, the best they remember of ever attending. A large number were present. The music was fine and with the hall decorated so prettily it naturally made everyone feel good. It is said that none of the maids proposed last night, even if they did have to ask the gentlemen to dance with them. In fact they said it was rather nice to have the privilege of choosing their partners. The "Six Jolly Maids" say that this was such a success they may be tempted to give another one some time soon. The "Six Jolly Maids" are: Alma Goern, Elizabeth Goern, Blanche Mickle, Olga Upperman, Clementine Backs and Mabel Gade.

EXPERT DRILLERS START FOR INDIA

FULLERTON, Feb. 16.—Six expert oil well drillers from the Fullerton field left Tuesday for Burma, India, where they will take charge of drilling operations for an English Syndicate. Conditions in India are said to be similar to those in Southern California oil fields and for that reason the J. F. Lucey Company of Los Angeles was requested by the syndicate to select a half dozen men. They were accompanied as far as San Francisco by A. S. McIntyre, local manager of the Lucey company. In the party were Duard Armstrong, E. B. Larimer, L. M. Young, William R. Jewell, Edward J. Kerns and Fred D. Baker. They expect to arrive at Burma the last of March.

NOT SINGLE WORD OF MISSING MAN

FULLERTON, Feb. 15.—Up to date nothing has been heard of the whereabouts of A. Pritchard, who disappeared and has never been heard of since Nov. 24, 1911. An inquiry has just been received from a firm who sold Pritchard a ten-acre walnut orchard, stating that the final payment on the place would soon be due.

Mr. Arthur Staley has been appointed by Mr. Pritchard's brother to look after his affairs.

THEY WERE WEDDED BY FORMER PASTOR

FULLERTON, Feb. 15.—Miss Sophia Salvorsen, daughter of Mr. and Mrs. Salvorsen of 320 East Chapman avenue, this city, was united in marriage Wednesday morning in Los Angeles to E. C. Simpson of West Alhambra. The ceremony was performed by Rev. Coultas of Los Angeles, formerly pastor of the Methodist church of this city.

The wedding was a very quiet affair, and none but the immediate families of the young folk were present. The bride wore a tailored suit. After the wedding the young people were surprised by a wedding dinner given by Mrs. N. B. Snow, sister of the groom, at her home in West Alhambra. The family was present here also.

Mr. and Mrs. Simpson will make their future home at 1715 Cedar street, Alhambra, where Mr. Simpson is interested in his father's lumber yard.

PLACENTIA NOTES IN THE FULLERTON NEWS

Mrs. H. H. Coyle entertained the Kensington Club Tuesday afternoon at this week.

Miss Beatrice Nenno, who has been quite sick for two weeks, is now able to be up.

Mr. and Mrs. Bogue, of Denver, parents of Mrs. H. H. Coyle, left for San Francisco Sunday evening, from which city they will embark for Honolulu and the Hawaiian Islands for an indefinite stay.

The Placentia Chamber of Commerce meets Thursday evening of this week at Bank Hall. It is preparing an unusually attractive exhibit for the National Orange Show, which opens at San Bernardino the 19th inst., and was fortunate in securing a very desirable location for the exhibit.

The Philharmonic Society met at the home of Mr. and Mrs. O. W. Little last Friday evening with a very good attendance of members. Several visitors were also present. Singing was enjoyed and dainty refreshments served by the host and hostess. The next meeting of the society will be a social and will be held at the home of Mr. and Mrs. J. S. Madison, Friday evening, Feb. 23.

Mrs. J. N. Nenno entertained several Placentia ladies informally Thursday afternoon, complimentary to the Misses Felt, of Long Beach, who have been guests at the Nenno home for some time. A very happy afternoon was enjoyed by those present. Miss Mabel Clever, of Fullerton, played several piano selections and the afternoon was spent in music and conversation. Dainty refreshments were served. Those present were Mesdames Staley, Lillie, Pierotti, Morse, Strain, Montgomery, McCulloch and Pendleton, and Misses Sturdevant, Clever and Felt.

Mrs. A. Pierotti was hostess at a delightful informal afternoon Saturday, complimentary to Mrs. Cornelia Montgomery, who goes east this week for an indefinite stay. The afternoon was pleasantly spent in conversation and music. A dainty luncheon was served in the dining room. The long dining table was decorated with peach blossoms and ferns and the place cards were flying cupids, commemorating St. Valentine's. Those enjoying the hospitality of this beautiful home were: Mesdames C. Montgomery, S. McCulloch, J. Laidlaw, A. T. Pendleton, J. Nenno, N. F. Morse, F. Pilgrim, M. Stocker, M. Strain, D. Staley, O. W. Little, J. S. Madison and Miss Felt, of Long Beach.

FULLERTON NOTES

FULLERTON, Feb. 15.—Mrs. P. A. Schumacker and her brothers, H. C. and J. H. Hallett, left for Springfield, Mass., this morning over the Santa Fe.

Dr. M. M. Menges spent Wednesday night in Santa Ana. Mrs. Ettie Kanauer, from Green Castle, Ind., arrived in Fullerton this morning. She was called from the East on account of the death of her brother, J. M. McWoodward, but owing to delayed train service, reached here one day late. Mr. McWoodward was buried Wednesday. Mrs. Kanauer will make her home with Mrs. Myrtle E. McWoodward, this city.

ANAHEIM NOTES

ANAHEIM, Feb. 16.—J. L. and C. L. Swope returned yesterday from a two days business visit in Los Angeles.

County School Superintendent R. P. Mitchell was in Anaheim Wednesday on business.

A. Valjean of the Anaheim Plain Dealer was a visitor at Orange Wednesday.

Geo. Walters and Frank Rice opened up the new Anaheim Grill last night with an elaborate dinner. This new grill is a great addition to Anaheim as the fixtures are new and the service is good.

AMALGAMATED MOTORS COMPANY

A New Corporation Capitalized at \$500,000

Divided as follows:

1500 shares preferred stock, par \$100.00 7 per cent cumulative dividends; 3500 shares, par value \$100.00, common stock.

This Company has been formed for the purpose of manufacturing in California

Automobiles of the Pleasure and Commercial Type

They have purchased a site at Santa Ana, California, and will erect thereon a model automobile factory, the construction and design of which will be unique in every detail and one of California's show places. They will have a complete equipment of automatic machinery and other devices for the production of the latest type of pleasure automobiles and commercial motor trucks, and will manufacture cars under the trade mark of

Duro Automobiles and Amalgamated Motor Trucks

These models will be of popular design, handsomely finished and at most attractive prices. The type of cars will be suitable for all California conditions for continuous satisfactory service, and they will be guaranteed in this way.

This new company has five wire automobile men with thorough practical knowledge of manufacturing, and their financial connections are A-1.

If you are in the market, or about to be in the market, for an automobile or motor truck, it might be well for you to take this matter up with our nearest representative. To prove practicability, we have 800 cars running in the hands of satisfied customers in California, having been manufactured here for the past four and a half years.

The Amalgamated Motors Company being thoroughly co-operative, and being a California enterprise (we know California now can compete with the world in manufacture) it might be well for you to consult our representatives relative to the co-operative features of our company. It will save you money and afford you pleasure.

The Time Is Short--The Rewards Rich--In Just Four Weeks the Big E. M. F. 30 Touring Car Will Be Awarded the Leader in the Register's Contest

This is the beautiful E-M-F 30 Touring Car that goes to the leader in the Register's contest on Saturday, March 16th. This car may be seen in the show rooms of the Wm. F. Lutz Co., corner Fourth and Spurgeon streets, Santa Ana. It is splendidly and completely equipped as follows: Silk Mohair Top and Hood, Glass Front, Speedometer, Prest-o-lite Tank, Demountable Rims, extra Demountable Rim, extra Tire, extra Tube, Tire Irons, Tire Cover, Robe Rail and Foot Rail and a self starter will be added before delivery to the winner.

SUBSIDIARY PRIZES

Always bear in mind that in this contest there are to be awarded a large number of subsidiary prizes, so that any contestant who really works will be sure of winning at least fair compensation for services rendered.

So far as announced the subsidiary prizes are as follows:

Set of Dining Room Furniture, offered by the Horton-Spurgeon Furniture Co., value \$85.

Diamond Ring, offered by A. J. Padgham & Son, value \$80.

Two Scholarships in the Orange County Business College, (one to be awarded to each of two contestants), value \$65 each; total value \$130.

White Sewing Machine, "Sit Strate" model, offered by J. R. Dean, local agent for White Sewing Machine Co., value \$80.

Three Scholarships in the Orange County Conservatory of Music (one to be awarded to each of three contestants); value \$20 each; total value \$60.

This set of furniture is offered by the Horton-Spurgeon Furniture Co., and can be seen in their window. It consists of 8-foot extension table; 6 chairs, leather seated; buffet with plate glass mirror and satin-finish brass hardware. The furniture is of fumed oak and its value is \$85.00.

Advantages of a Course of Musical Study at the Orange County Conservatory of Music

One of the great advantages of an institution of this kind is the general spirit and atmosphere of earnest musical study which reacts in a stimulating manner upon the student.

The cost is never more than for training under the private teacher, who cannot possibly offer the numerous and diverse advantages which a fully equipped school can. In many instances the cost is even less for the school tuition.

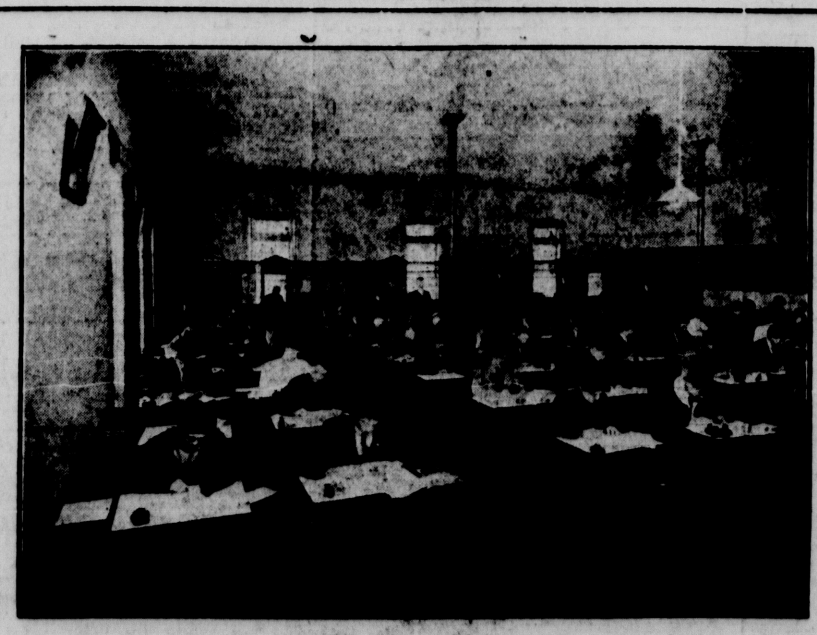

Absolutely free courses in Musical Theory, Musical History, Notation, Sight-reading, Ear Training, etc., will be given to pupils who take a full school-year's course of four consecutive terms of ten weeks each.

Besides the free courses mentioned above, students

in the Academic department will have access to the bi-weekly teachers' meetings at which a thorough course in the study of Piano Methods, Teaching Repertoire, Pedagogical Methods, etc., will be given. The best musical literary works will be read and discussed. Present day musical events will be followed.

All pupils will have free admission to talks and lectures on various musical subjects which will be given from time to time by people well versed in their respective themes.

Conservatory students will, in almost all cases, have the advantage of reduced rates to musical events given in Los Angeles and at home. Considering the rare treats in this line which are afforded art lovers every season, this is a superior advantage, and one, of which many of our students have been glad to avail themselves.

A BUSY SCENE AT THE ORANGE COUNTY BUSINESS COLLEGE

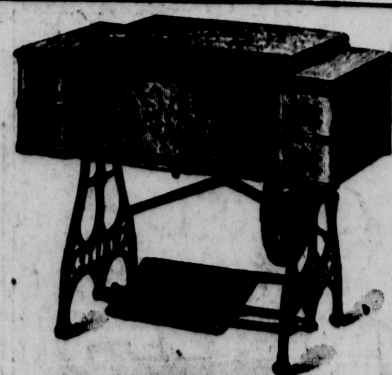

A scholarship in the Orange County Business College is worth working for. It has a money value of \$65, and an intrinsic value of many times that amount.

OUR "SIT-STRATE" 60 RUNS LIKE "SIXTY"

Here's our 60 "Sit-Strate" White Runs like 60, sews just right: Straight in front the sewing lines, Always just before the eyes.

Note the easy, graceful pose Of the operator as she sews, Without strain to left or right On the 60 "Sit-Strate" White.

If you want the best that's made, One you wouldn't sell or trade: Then you'll need the "Sit-Strate" White Number 60. It's all right! One of the Register's Prizes

A Beautiful Diamond Ring Offered by J. H. Padgham & Son, One of the Register's Prizes

Why is a diamond equally valuable to everybody, and more valuable in proportion to its cost than any other material thing? Because it is beautiful and pure and indestructible, and increases in value (that is, in selling price) every year.

The diamond ring offered in this contest by J. H. Padgham & Son is a blue white and purple stone, absolutely perfect. It is not a large stone, but is as fine as the finest. Its value is \$80.00. It may be seen in the show window of J. H. Padgham & Son's Jewelry Store at 106 East Fourth street, Santa Ana. This is Padgham & Son's new location.
